

# **Valley Presbyterian Church Inventory of Records**

*Compiled by Tom Wilsted and Gordon Gray  
With additions by Elizabeth Haynes  
April, 2019*

**Volume of Records: 39 cubic feet**

**Record Dates: 1977-2019**

## **Scope and Content Note**

The Records of Valley Presbyterian Church document its history and activities from the church's founding in 1977 through the year 2019. They record both its religious, social and administrative activities. The collection is divided into three main sections: material of church-wide significance, records of the Session (the church's governing body) and its sub-units and records of the Presbyterian Women, an autonomous unit within the church.

The collection includes a comprehensive set of publications including annual reports, church newsletters and Sunday bulletins. Records include minutes of the major boards and committees and there is comprehensive record of church buildings including building committee minutes, correspondence and building plans.
